Celebrate Swedish

May 12, 2012 • Sheraton Seattle Hotel

An elegant black tie gala dinner and fundraising auction to support Swedish Medical Center. Proceeds will be designated for charity care, a program which offers free or discounted hospital services for people who cannot afford care.

The 2012 Fund-A-Need project will support a comprehensive **Multiple Sclerosis (MS) Center at Swedish**, combining the highest quality of MS clinical care with educational resources, a wellness gym, and a supportive community. The Swedish MS Center will be a place that will care for and support over 6,000 MS patients from the region and beyond, making it the largest MS center in the country.
